College Admissions

Counseling Brochure

Let *Fractal Academy* help you get accepted to the *college of your choice*

Let us help you navigate through the difficult process of college admissions. Different options are available. Choose from one of our two full service packages or schedule at an hourly rate if you only want assistance on a limited part of the process. Counseling can begin at any point during or before the student's high school years.

A general overview of these packages we offer are shown in this brochure. Schedule a free session with our experienced counselor Dan, to meet him and learn more about our college admissions counseling.

[Check out our offerings](#) —>
